On some devices, the Pairing request dialogue is displayed. If you wish this message to be closed automatically, the BT Pairing service must be activated.

1. Open Android Settings and look for the Accessibility option

2. At Services you will find this option referring to Tnx BT Pairing

3. Switch it ON and accept the requirements displayed

Use Tnx BT Pairing?

Tnx BT Pairing needs to:

- **Observe your actions**
  Receive notifications when you're
  interacting with an app.

- **Retrieve window content**
  Inspect the content of a window

CANCEL   OK

4. Return to the main menu to launch the TellNext app
